

**GRASSROOTS
NOON**

The Minnesota Association of Mortgage Brokers, Inc. (MAMB) takes an active role in shaping Minnesota mortgage laws and policies during the legislative session each spring. We do this with your help. By putting you in contact with the appropriate Senators and Representatives, MAMB is able to offer state policy makers useful information that helps them understand the ever-changing mortgage industry, its practices and the families that are affected by new legislation.

Please help us continue to have a strong voice at the Legislature by providing your home address information below. This information will ONLY be used for MAMB grassroots campaign efforts.

Thank you!
